

TRAFFIC CALMING PROJECT

Westnedge & Park

We are launching a project to calm traffic on Westnedge Ave. and Park St. between Dunkley Ave. and Crosstown Pkwy. This is a first step to better serve all users while long-term street design and construction planning work is underway. Please join us at an event to share your input including prioritizing intersections for **pedestrian improvements** and discussing the addition of **bike lanes** and **on-street parking**.

Each event will include mapping input and a survey along with other activities. Youth input is encouraged and events will include activities for kids to participate as well. Attendees should remain cautious and follow CDC and local health official guidelines to protect themselves and the community from COVID-19. Volunteers will also lead walking activities at the Galilee Baptist Church event at 6:45 pm & 7:30 pm and at the Walnut & Park Cafe event at 6 pm. You can sign up to join a walk at [imaginekalamazoo.com](https://www.imaginekalamazoo.com).

NACD National Night Out | Tue. August 3
