 Special regulations around the schools to promote safety, especially at Pick-up and Drop-off

Alleys are No Parking anytime by ordinance

PROPOSED PARKING REGULATIONS

- No Daytime Restrictions
- Alternate Night Parking
- No Parking
- No Weekday Parking 7-5pm
- Metered Parking
- School Parking - To Be Determined

The Parking Plan for the Vine Neighborhood will be brought before the Traffic Board this fall. This plan is a combination of extensive resident engagement and a study of existing conditions completed earlier this year.

Once the plan is adopted it will be implemented in phases throughout 2020. Note that this is a high level look at parking in the neighborhood and doesn't show the detail of each street. There are restrictions on parking related to driveways, stop signs, turn lanes, fire hydrants, and more that will impact the final regulations on any given street.
